

FIP **féderation internationale pharmaceutique** **international pharmaceutical federation**

The International Pharmaceutical Federation (FIP) the world-wide organisation of pharmacists and pharmaceutical scientists, is to appoint an

EXECUTIVE DIRECTOR

who will be the Federation's full time chief executive officer.

The membership of FIP comprises more than 60 pharmaceutical societies and some 4,000 individual pharmacists. The Federation's headquarters are in The Hague, the cosmopolitan capital of the Netherlands.

The successful candidate will be a pharmacist under the age of 45 with outstanding communication and management skills and a proven record in administration. He/she should preferably be free to take up the post by April 1, 1992.

Fluency, and an ability to write authoritatively in English, the main working language of the Federation, is essential. Knowledge of other languages, especially French, German and Spanish, is desirable.

The remuneration package will reflect both the importance of the appointment and the qualifications and experience of the successful candidate.

More information about the appointment is available from the President of the Federation:
